Cut Off is a gripping and unforgettable memoir that tells the harrowing story of one woman's experience with female genital mutilation (FGM).

As a young girl growing up in a remote village in Africa, Waris Dirie was subjected to FGM, a brutal and dangerous practice that is still carried out in many parts of the world today. Waris endured unimaginable pain and trauma as a result of this procedure, and she was left with lasting physical and emotional scars.

Despite the challenges she faced, Waris was determined to rebuild her life. She escaped from her village and made her way to London, where she became a successful model and a tireless advocate against FGM. In *Cut Off*, Waris shares her powerful story in the hope of inspiring others to speak out against this harmful practice.

Cut Off is a must-read for anyone who wants to learn more about FGM and its devastating effects. It is a story of courage, survival, and hope, and it is sure to leave a lasting impact on readers.
