the principles of design

"ways to use the building blocks"

EMPHASIS

Creating a hierarchy or focal point to guide the eye to a specific element. This is done by using colour, contrast, proportion, and rhythm.

BALANCE

Weighting or arranging the elements within the image to create visual, even distribution of shape and space.

UNITY

Aligning all separate elements to work together in harmony through pattern, balance and rhythm.

CONTRAST

Contrast can highlight differences or add a focal point by using opposing colour, shade or textures.

RHYTHM

Direct the eye through form with the use of repetition of shape, lines or colour and helps create mood.

PROPORTION

Or Scale, to use a base for the viewer to compare single elements to through size, direction and space.

VARIETY

Utilising different shapes, colours and textures to keep overall image interesting. Also aids with creating a focal point.
