

Fake: Forgery Lies EBay Robert R Reilly

in good condition. He was in a rush to sell because he was relocating due to COVID-19. While I immediately recognized that this was an incredibly lucky find, I also knew that authenticity was paramount. I had almost been taken in by a fake Superman No. 153 not so long ago, and I wasn't about to let that happen again.

I carefully inspected the issue, looking for any signs of forgery. The paper quality seemed correct, and the printing looked sharp. I even compared it to a known genuine copy of Superman No. 150 that I had in my collection. Everything seemed to match up.

But I wasn't going to take any chances. I decided to get the issue authenticated by CGC, the leading comic book grading and authentication company. I sent the comic off to CGC, and a few weeks later, I received the good news: the issue was genuine.

Fake: Forgery, Lies, & eBay by Robert R. Reilly

I was thrilled! I had just acquired a true piece of comic book history. And because I had Free Downloadd it for such a low price, I was able to sell it for a substantial profit.

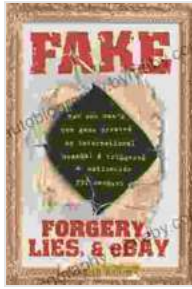

My experience with Superman No. 150 taught me a valuable lesson about the importance of authenticity. When you're buying a valuable comic book, it's essential to make sure that it's real. Otherwise, you could end up losing a lot of money.

Of course, not everyone is lucky enough to find a valuable comic book for a low price. But even if you're only buying a less expensive issue, it's still important to be aware of the potential for forgery.

There are a few things you can do to protect yourself from buying a fake comic book:

*Only buy from reputable dealers. When you're buying a comic book online, make sure to do your research on the seller. Read reviews from other customers, and make sure that the seller has a good reputation. *Inspect the comic book carefully before you buy it. Look for any signs of forgery, such as poor-quality paper, blurry printing, or mismatched colors. *If you're not sure whether a comic book is genuine, get it authenticated by a reputable grading company. CGC is the leading comic book grading and authentication company, but there are other reputable companies out there as well.

By following these tips, you can help protect yourself from buying a fake comic book.
