Growing up on a kibbutz in Israel was an experience like no other. I was surrounded by nature, a close-knit community, and a set of values that emphasized equality, cooperation, and self-reliance. My childhood was filled with adventure, laughter, and learning, and I wouldn't trade it for anything.

In my new book, *Growing Up Below Sea Level*, I share my personal story of growing up on Kibbutz Ein Gedi, located on the shores of the Dead Sea. I describe the daily routines of kibbutz life, from the communal meals to the work assignments, and I share my memories of the special traditions and events that marked the year.

One of the things I loved most about growing up on a kibbutz was the sense of community. Everyone knew each other, and we all looked out for each other. I remember feeling safe and secure, knowing that I could always count on my friends and neighbors.

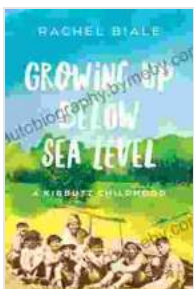

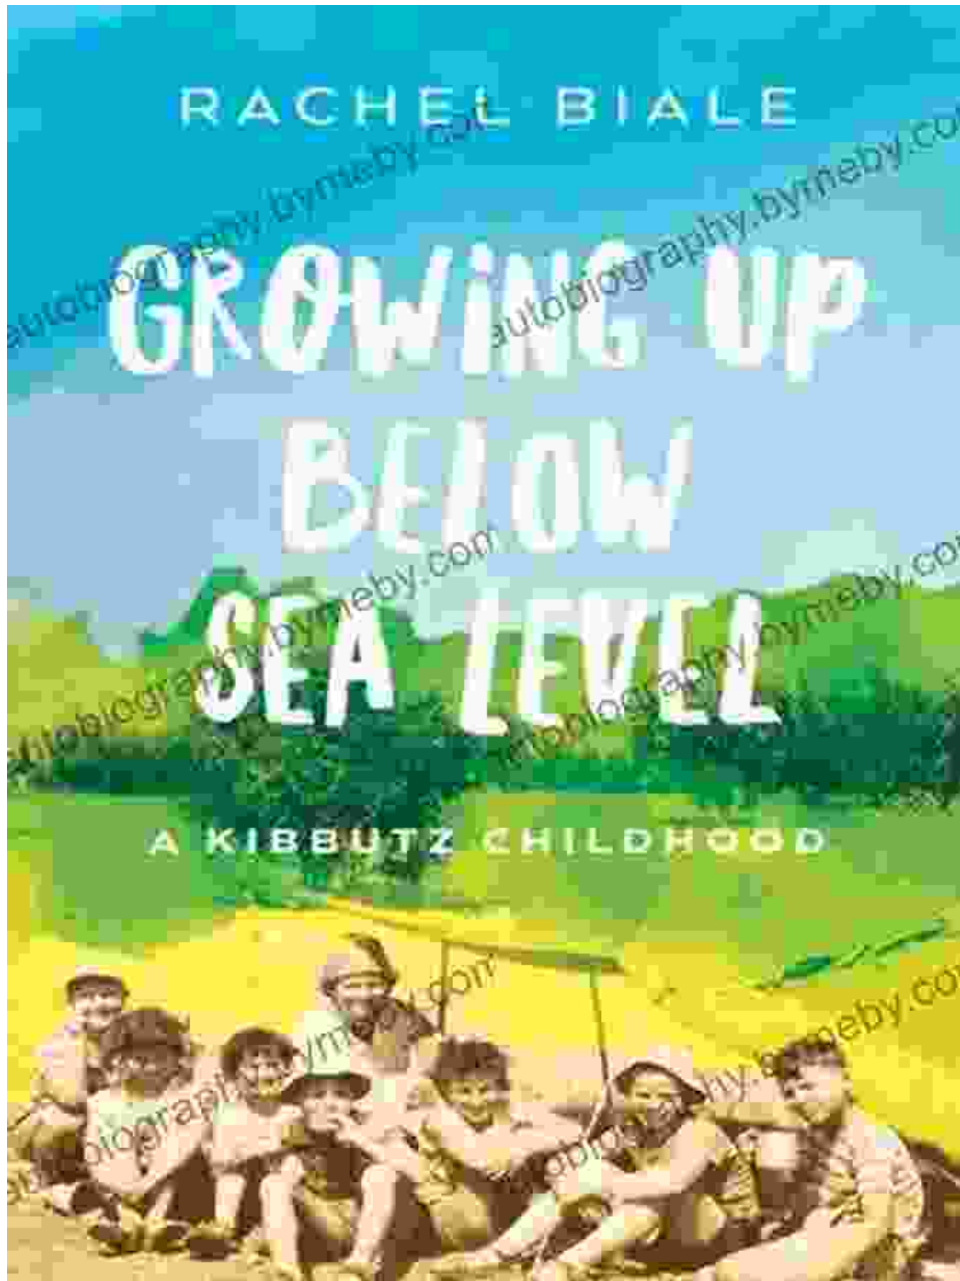

The kibbutz also taught me the importance of equality and cooperation. We all worked together to keep the kibbutz running, and we shared the fruits of our labor. I learned that everyone has something to contribute, and that we are all stronger when we work together.

Of course, growing up on a kibbutz wasn't always easy. There were times when I felt like I was missing out on things that my friends in the city were experiencing. But overall, I had a wonderful childhood, and I am grateful for the unique experience of growing up on a kibbutz.

In *Growing Up Below Sea Level*, I hope to share my love of kibbutz life with readers. I want to show them the beauty of this unique way of life, and the values that it can teach us.
