

The Mapuche Bandits And State Formation In Nineteenth Century Chile: An Exploration Of Frontier Conflict And Social Transformation

The Mapuche people are an indigenous group who have inhabited the territory that is now Chile for centuries. In the 19th century, the Mapuche fought a series of wars against the Chilean state in an effort to maintain their independence. These wars had a profound impact on both the Mapuche people and the Chilean state. In this book, I explore the complex relationship between the Mapuche and the Chilean state during the 19th century. I examine the ways in which the Mapuche resisted Chilean encroachment on their lands and the Chilean state's efforts to incorporate them into the nation. Drawing on a wide range of sources, including archival documents, oral histories, and ethnographic accounts, I provide a nuanced understanding of the Mapuche struggle for autonomy and the impact of their resistance on the development of the Chilean state.
