Synopsis

In the year 2042, the world is on the brink of collapse. A mysterious virus has turned people into mindless monsters, and society is crumbling. Amidst the chaos, a group of survivors emerges, led by a young man named Jake.

Jake is a cultivator, a person who can harness the power of qi to perform superhuman feats. He and his companions must use their abilities to fight off the monsters and rebuild society. But their journey is not without its challenges. They must contend with rival factions, dangerous creatures, and their own inner demons.

As Jake and his companions delve deeper into the post-apocalyptic world, they uncover a sinister secret. The virus is not a natural occurrence, but a weapon created by an ancient society known as the Trojans. The Trojans were a powerful civilization that ruled the world centuries ago, but they were destroyed by a cataclysmic event.

Now, the Trojans have returned, and they are seeking revenge. Jake and his companions must stop them, or the world will be plunged into darkness.
