In authoritarian regimes, the pursuit of truth becomes a dangerous game, where journalists risk their safety, their families, and even their lives.

Ramos emphasizes the critical role that international attention can play in protecting journalists and holding dictators accountable. By shedding light on the plight of those who dare to speak out, the global community can pressure repressive regimes to respect freedom of the press.

A Call to Action: Defending Freedom of Expression

In "Bad News Last," Ramos issues a resounding call to action. He urges readers to support independent journalism, demand accountability from authoritarian leaders, and stand in solidarity with those who fight for the truth. Only through collective action can we ensure that the voices of the silenced are heard.
