Paul Conroy was a war photographer who was kidnapped in Syria in 2012. He was held captive for 444 days and subjected to torture and abuse. This book is his account of that experience.

Conroy's story is a harrowing one, but it is also a story of hope and resilience. He was able to survive his ordeal through a combination of physical and mental strength, as well as the support of his family and friends.

War Photographer is a powerful and moving book that will stay with you long after you finish reading it. It is a must-read for anyone who wants to understand the human cost of war.
